Any person finding cattle
branded with this brand, say-
ing, will be suitably re-
warded by notifying A.
Kenne, at camp on Salt
Fork, or the undersigned,
at Junction City, Kas.

W. M. HURST.

In the Sweet By-and-By

cannot but be the happy thought as the
fortunate recipient of the "Rocky Moun-
tain tourist" scans its wonderfully
attractive pages and peruses its fascinat-
ing descriptions. Most beautifully
embellished with new and highly artistic
engravings. Its letter press a model of
typographical richness, and the
arrangement throughout simply superb,
the Rocky mountain tourist is worthy of
comparison with Picturesque America or
The Aldine. It is written in gossamer,
graceful style, covering details of the tour
through the garden of the Southwest (the
Arkansas Valley, Southern Kansas), to
the very heart of the Alps of America—
the Rocky Mountains. Jaunts are made
to all the famous resorts of Colorado, the
remarkable ruins, the springs, the mines,
and, in short, to every point of interest to
tourist, agriculturalist, capitalist, miner
and invalid. With the Tourist, the San
Juan Guide keeps fitting company, and
the two publications are mailed free to
all writing for one or both to T. J. Ander-
son, Topeka, Kansas.

Life at Deadwood, Black Hills.

For the information and benefit of our
readers who contemplate visiting the
Black Hills this spring, we publish the
following graphic picture of real life at
the principal city of the new Eldorado,
from the Virginia City Chronicle:

There are saloons all over the place,
and whisky four bits a drink. They put
two barrels upon end, nail a board across
for a bar and deal out. A miner who
wants to treat ponrs some gold dust on
the barrel head and says, "Set 'em up."
They never weigh the dust. Sometimes a
man won't put down enough dust, but
they never say a word; and if he's a little
tight and puts out ten or fifteen dollars'
worth, they never mention it. They have
three faro banks running all the while.
They don't use checks for the bays; when
they won a pile of checks they throw 'em
all over the place, and some were too
drunk to handle 'em. So the checks got
played out. Now a man puts a little gold
dust on a dollar greenback and it goes for
two dollars' worth of dust; on a ten dollar
greenback goes for twenty dollars, and so
on—Don't weigh the dust at all, but guess
the amount. We have a daily newspaper
—that is, sometimes it's daily, and then
when the compositors get drunk it don't
come out for several days. If a man
wants gun wadding, he goes and pays
four bits for a paper. Whenever they
start a new city government they print a
lot of city ordinances; then there's a
grand rush for the paper. Sometimes it
comes out twice a week, and sometimes
twice a day. Every man in deadwood
carries about fourteen pounds of fire arms
hitched to his belt, and they never pass
any words. The fellow that gets his gun
out first is the best man, and they lug off
the other fellow's body. Our graveyard
is a big institution and a growing one.
Sometimes, however, the place is right
quiet. I've known times when a man
wasn't killed for twenty-four hours.
Then again perhaps they'd lay out five or
six per day. When a man gets too handy
with his shooting iron and kills five or
six, they think he isn't safe, and some-
body pops him over to rid the place of
him. They don't kill him for what he
has done, but for what he's liable to do.
I suppose that the average deaths amount
to about one hundred a month.

The Santa Fe Road.

TOPEKA, April 4.—The long and ani-
mated contest on the part of the Atchison,
Topeka & Santa Fe railroad to secure
direct connection at Pueblo for Denver,
culminated in a fast express car over that
road, the new time table calling for the
fastest time ever made west of Kansas
City. The new order of things goes into
effect on Sunday next, the A. T. & S. F.
train leaving Kansas City at 11:30 a. m.,
arriving at Pueblo at 3 p. m. the next day
and making direct connection. Denver is
reached at 3 p. m. Returning, the same
direct connection is made. An additional
train will be put on for the accommoda-
tion of the immense tide of immigration
pouring into the southwest, this train
leaving Kansas City at night and making
the run through the Arkansas valley by
daylight.

The Benders Again.

LITTLE ROCK, April 4.—A special to the
Gazette from Crawford county, gives the
latest in regard to the Bender family.
George Keifer and family, supposed to be
the original family of Benders of murder-
ous fame in Kansas, were arrested to-day
by Kansas detectives, who have been
shadowing the Keifer family for quite a
time, and are confident that they have
captured the right parties. The detect-
ives have been for some time past working
as farm laborers in this country, and
quietly watching the movements of the
party upon whom they sprung the trap
to-day.

THE WEATHER.

Table showing monthly means of bar-
ometer and thermometer, monthly veloc-
ity of wind, and amount of rainfall, with
the prevailing direction of wind, &c., for
the month of March 1877:

Monthly mean barometer, 29.628.
Monthly mean thermometer, 42.6.
Monthly mean humidity, 57.1 percent.
Highest barometer, 30.413, on the 24th inst.
Lowest barometer, 29.336, on the 21st inst.
Monthly range of barometer, 1.077 inches.
Highest temperature, 63 degrees, on 23d inst.
Lowest temperature, 2 degrees, on 24th inst.
Monthly range of temperature, 77 degrees.
Greatest daily range of temperature, 30 de-
grees, on the 17th inst.
Mean of maximum temperatures, 59.2 degrees.
Mean of minimum temperatures, 22.6.
Mean daily range of temperature 23.6.
Total rainfall or melted snow, .25 inches.
Prevailing wind, north.
Total number of miles traveled 11,719.
Maximum velocity of wind, 32 miles on the
24th inst.
Number of cloudy days, other than those on
which rain fell, 4.
Number of days on which rain or snow fell, 4.
Number of suns, 6.
Number of solar halos 0.
Lunar halos 4.
Number of comets, 1.
EDWIN GARLAND,
Sergeant, Signal Service, U. S. A.

Firemen's Meeting.

The regular monthly meeting of the
Fire Company was held last Wednesday
evening. The attendance was large and
considerable business was transacted.
Each member promptly paid his monthly
dues and the treasury was thereby greatly
replenished. Messrs. Harry Boyer, W.
N. Murphy and Jack Collier were elected
to active membership, and Mr. G. E.
Hadder was elected an honorary member.
A finance committee was appointed by the
Marshal whose duty it is to transact all
business for, and attend to all the finan-
cial matters of the company. The com-
mittee consists of Messrs. G. M. Hoover,
C. M. Beeson and Fred J. Leonard. On
motion a committee was appointed to
draft resolutions expressive of the deep
sorrow felt by the entire company, caused
by the death of a brother member. Mr.
Harry E. Gryden was appointed as such
committee.

A Compliment to the Signal Service.

The Treasury Committee of the British
Parliament has submitted a report on
meteorological observations in which it
suggests the adoption of the American
meteorological system. The report sets
forth the perfection of the Weather Bu-
reau in the United States, and admits
that we are ahead of all the rest of the
world in the accuracy of our forecasts.

The Turf.

At San Jose, California, last Saturday,
Goldsmith Maid and Rarus trotted for a
purse of \$5,000; mile heats, to harness,
\$2,000 added if 2:15 3-4 was beaten. The
Maid won in three straight heats, time,
2:22, 2:16 3-4, 2:18 1-4. Rarus was only a
neck behind in the second heat, and well
up in the others.

The American Young Folks

This monthly is winning popular favor
throughout the West. It is really a mer-
itorious, entertaining, pure and useful
paper for boys and girls. 16 pages, illus-
trated, sent one year for 50 cents. It is
published at Topeka, Kansas.

Immigrants are coming into Edwards
county on the average of about 100 per
week. Kinsley is not yet three years old
and has a population of less than five
hundred, but it has one of the finest
school houses west of Topeka, a good
bridge across the Arkansas river, and two
of the best conducted hotels in the State.
Two brick yards will be in operation there
this summer, one with a capacity for
turning out 10,000 brick daily. So says
the Leader.

Mr. M. W. SUTTON was appointed City
Attorney and Clerk by Mayor Kelley, at
the special meeting last Wednesday, and
confirmed by the Council. Mr. Sutton's
ability to fill the position is universally
acknowledged, and his appointment is
heartily approved by the people. The
duties of the City Attorney will be of
importance this summer, but the new
attorney will be equal to the task.

Mr. CHARLES H. SCHULZ received an
appointment to the office of City Treasur-
er last Tuesday, at the hands of Mayor
Kelley. Mr. Schulz' reputation as a
"solid" young man financially is uni-
versally admitted. The funds of the city
will be safe in his keeping.

L. E. DEGEN has been re-appointed City
Marshal, to serve under the new adminis-
tration. It was thought by many that a
change would be made in this branch of
the government, but the Mayor and
Council wisely concluded that no better
man for the place could be found.

A Washington correspondent says that
ex-Congressman W. R. Brown is in Wash-
ington looking to the position of Third
Auditor of the Treasurer.

Bill Cody, of Nebraska, is now running
the "Buffalo Bill Combination," which
shows blood freely in a play called the
Red Night Hand, or Buffalo Bill's First
Scalp for Custer.
